Problem

No one is providing doorstep stitching customers have to go on the shop and they give their order at the shop of their clothes.

Solution

1

Customers do not have to come to the shop.

2

Customers just have to make a phone call our employee will reach your doorstep.

3

Employee will take your order.

Product

TAILORING

Market Size

1

You can earn a lot in rupees.

2

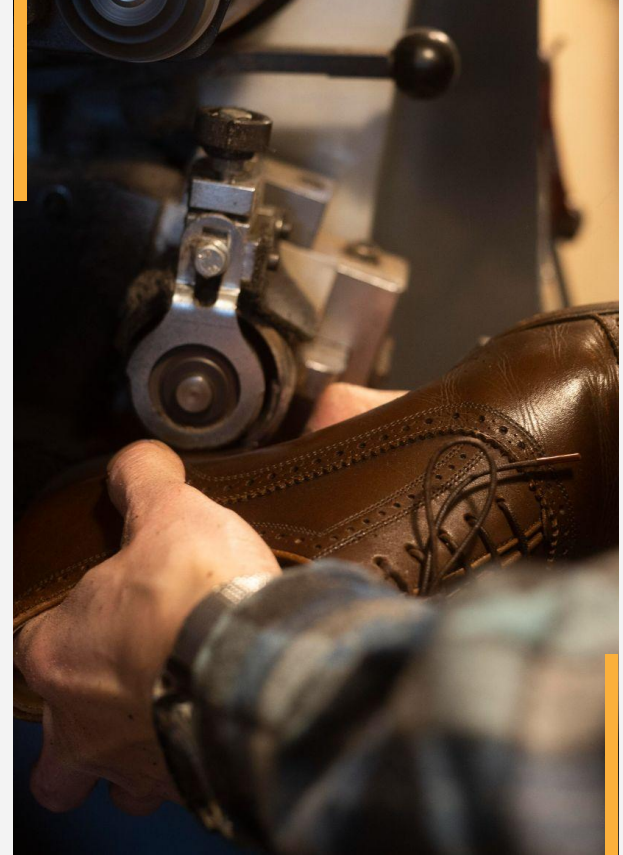

Online stitching is a new idea and rear in the market.

3

Every person not at least 60-70% needs a tailor.

CLOTHES

B Business Model

CLOTHES

Business Model

Revenue

1

The main investment is to buy fabric of clothes.

2

Secondly, we provide CMT to B2B.

3

Both of them, the good generator of sales.

Operations + Activities

1

We are targeting customers through social media Facebook, Instagram.

2

Through video, we explain and everything to customers about our product.

3

We tell about us and our service.

Competition

Underlying Magic

- The unique value of our business is we design clothes and sell B2B. which is called CMT and we have rights that we can sell that design to our customers.
- We have the proof of design that we make.
- Because of covid, we shift our business to online and make customers more relax and comfortable with their item.
